Aston Martin has created its ever first yacht called the AM37 with the help of Quintessence.

The history is quite cool, Quintessence founder is a classic Aston Martin owner and he decided to approach Aston Martin to design the AM37 in conjunction with Mulder Design.

There will be two versions, and they will debut during the Monaco Yacht Show in September, also Quintessence Yachts confirmed and is expected to launch in Q4 of 2015.

Mariella Mengozzi, CEO at Quintessence Yachts, said: "The Aston Martin Design department has been working seamlessly with the Quintessence R&D unit and naval architect Mulder Design in Amsterdam to achieve a true example of design purity."
