If owning a yacht wasn't extravagant enough, how about one designed by one of the most storied luxury automotive makers in the world? In an exercise in pure opulence, Quintessence Yachts has collaborated with Aston Martin on the AM37 powerboat, the first model in what is expected to be a series of water crafts from the two. The 37-foot vessel is the ultimate in performance and comfort, combining the expertise of both brands in their respective fields to produce a high-technology composite structure that boasts sports car-like handling, an interactive voice control and activation, fully HD-integrated touch screen, and remote controlled functions.
