

Aston Martin + AM37 Powerboat

theBoyScout / July 18, 2015

Aston Martin collabs with Mulder Design and Quintessence Yachts for the first powerboat to bare the brand's name while being one of the rarest crossovers to share the automaker's DNA. Made of high-tech composites & carbon fiber, the *Aston Martin AM37 Powerboat* is a 37-foot speed boat that is notable for its sliding deck to cover the cockpit without needing to stow everything away. The *Bond*'ish boat can go 44 knots and features remote-started refrigerator, air conditioning, & an espresso machine; a navigation, control monitor & entertainment system with a 15' touchscreen. Scout Life. Sept 2015
