Aston Martin powerboat debuts in Miami

FEBRUARY 22, 2017

The prototype Aston Martin AM37 powerboat made its debut recently at Yachts Miami Beach.

After making its world premiere in Monaco last September, the prototype Aston Martin AM37 powerboat was shown for the first time in North America at Yachts Miami Beach on Collins Avenue (February 16-20).

Entering its 29th year, the exhibition is home to the largest mega-yacht collection in the world and the unveiling of the first Aston Martin powerboat is set to be one of the highlights of the show.

The AM37 – which can carry up to eight people – is the ultimate day cruiser, designed and crafted with meticulous attention to detail, superior levels of workmanship and an incredible degree of sophistication.

The boats are built at the UK premises of Quintessence Yachts to an extremely high standard.

The sliding deck benefits from unique technology, which allows owners to completely cover and uncover the cockpit of the boat at the touch of a button.

The wraparound windscreen is made from a single piece of sculpted glass fluidly draped over the AM37's foredeck. With its extreme double curvature, the windscreen sets a new industry standard.

An electro-hydraulic carbon fibre bimini top is stowed above the engine hatch when not in use and a swim platform extending from the aft deck allows for easy access to the water.

At the helm, the AM37's carbon fibre dashboard echoes styling elements from Aston Martin's most advanced sports cars. It includes the finest leather with functional features, such as the steering wheel, throttle handles and joystick in polished metal.

The 37-foot model is available in two versions – the AM37 with an estimated top speed of 45 knots and a choice of two 370 hp Mercury diesel or two 430 hp Mercury gasoline engines, and the AM37S version with an estimated 50 knots derived from its twin 520 hp Mercury gasoline engines.

Contemplate the Splendour of the Very First Aston Martin Powerboat

FEB 23, 2017

Although it has already premiered at Monaco Boat Show, the very first Aston Martin Powerboat was once again disclosed at the prestigious US boat show, Yachts Miami Beach. Instantly becoming one of the main highlights of the show, the Aston Martin AM37 Powerboat, which was built at Quintessence Yachts shipyard, is a thing of beauty that is bound to impress everyone in the industry, take a look at its features.

“The Aston Martin AM37 challenges the status quo of the nautical world and offers a pure translation of the brand’s DNA into an entirely new maritime concept, combining innovative technology and bespoke craftsmanship with a perfect balance of design and engineering, performance and comfort, luxury and functionality.”

Accommodating up to eight people, this astonishing powerboat is the worthy vessel to day cruise. Designed with an unmatched precision and maximum attention to detail, its structure and interiors showcase an high-level of workmanship and sophistication.

In regards to features, the powerboat has an exceptional technological system in its sliding deck which gives the opportunity for owners to cover and uncover the cockpit when they please. Made from sculpted glass, its windscreen registers a new standard of innovation for the yachting industry. The Aston Martin powerboat also counts with an electro-hydraulic carbon fibre bimini top and a swimming platform that extends to the aft deck. Elements that represent Aston Martin’s history and most beloved sports cars are scattered around the powerboat’s helm.

Referring just a few amenities and for you to have an idea of how amazing AM37 is, the table can be turned into the most comfortable double bed. Mood lighting and air-conditioning reign in the main

cabin. Its interiors range from a wide variety of materials, from leather to metal, to glass and wood exuding authenticity and glamour. The powerboat can reach up to 45 knots of speed, depending on the version you opt for.

“As the exclusive builders of the Aston Martin powerboats, Quintessence Yachts translate design into functionality and technology to enhance the customer experience. Yachts Miami Beach is a strategic event for us to reach our clients and we are proud to showcase the AM37, a boat that represents an entirely new concept for the yachting world. We are very gratified by the strong interest in our yacht before the boat show and this is the right time to present it to an expectant American audience.” – Mariella Mengozzi, CEO of Quintessence Yachts
